

UPPSALA
UNIVERSITET

ANNOUNCEMENT

26 March, 2010

Officer in charge:
Helén Kirchmann

Uppsala University hereby declares the following position to be open for application:

Research assistant in computational linguistics

at the Department of Linguistics and Philology. The appointment is for one year starting date as soon as possible with the possibility of extension.

Project description: The project *Syntactic Parsing for Synthetic Languages*, financed by the Swedish Research Council, aims at developing better methods for syntactic parsing of synthetic languages, that is, languages with rich morphology (and often free word order). The methods explored are primarily based on dependency representations in combination with statistical learning. The research assistant is expected to do research-related work within the project, in particular implementation of parsing methods, preparation of corpus data, and experimental evaluation.

Qualifications: To be eligible for the position, the applicant should normally have at least a Bachelor's Degree in a subject relevant to language technology and excellent programming skills. Experience of language technology research or corpus processing is an advantage.

Information: Further information can be obtained from Professor Joakim Nivre, joakim.nivre@lingfil.uu.se, tel +46 18 4717009. Union representatives are: Anders Grundström, Saco-rådet, tel +46 18-471 5380, Carin Söderhäll, TCO/ST, tel +46 18-471 1996, Stefan Djurström, Seko, tel +46 18-471 3315.

The salary will be according to competence. A salary claim should be included in the application.

The application should contain

- complete CV and copies of degree certificates and other relevant documents.

The application should be sent preferably by e-mail to: registrator@uu.se, or by fax +46 18-47 1 2000, or by mail to Registrar's Office, Uppsala University, Box 256, 751 05 UPPSALA. In any correspondence, please use the reference number UFV-PA 2010/462. Application deadline on 21 April, 2010.
