Dear prospective research participant,

My name is Emily Navarro, and I am a professor of sociology at Elmhurst College. I am currently working on a project about the experiences that unaccompanied immigrant youth have in the United States, particularly in relation to their school districts. I am interested in hearing about your personal experience working with this population.

Would you be available to participate in an interview about your experience? The information you provide is entirely confidential and no record of your identity will be maintained. The interviews will last around one hour and would occur in person, by video chat, or by phone. While I would like to record the interview, it is ultimately your decision whether or not the interview is recorded.

This research has been approved by the Elmhurst College Institutional Review Board.

To set up an interview, I can be reached by phone at 616-502-7524 or e-mail at emily.navarro@elmhurst.edu.

Thank you for your assistance in this project!
