Workshop 1 | April 19, | 3:00–4:30 pm (EST) Translanguaging Pedagogies in Chinese Immersion Programs

This workshop introduces translanguaging as a pedagogical stance in Chinese immersion programs. Drawing on research and classroom examples, we will explore how teachers can strategically leverage students' full linguistic repertoires to support content learning, biliteracy development, and equity-oriented instruction.

Workshop 2 | April 26, 3:00–4:30 pm (EST) Content and Language Integrated Learning in Chinese Immersion Programs

This workshop focuses on Content and Language Integrated Learning (CLIL) in Chinese immersion contexts. We will discuss key principles of CLIL and examine practical strategies for integrating content and language objectives in ways that support meaningful learning and student engagement.

Free registration is required for this online event.
