

# 9<sup>TH</sup> INTERNATIONAL GENDER AND LANGUAGE ASSOCIATION CONFERENCE

# HONG KONG

## IGALA 9: TIME AND TRANSITION

May 19 - 21, 2016, City University of Hong Kong

Plenary Speakers:

Sally McConnell-Ginet, Kira Hall, Mary Bucholtz, Peter A. Jackson, Jie Yang, Tommaso Milani

The theme for IGALA 9 is *Time and Transition: Gender, sexuality, discourse and language*. This theme reflects Hong Kong, a city in which time and transition are unusually salient and omnipresent themes in social life. Working in this context has prompted the organizers to reflect on timescales and transitions in relation to this conference. How do time and transition interact with gender, sexuality, discourse and language? And how is this interaction manifest in the rest of the world?
