

Gathering Talk:  
Grant Writing and Language Documentation for  
Endangered Languages

THE UNIVERSITY OF ARIZONA

You are invited to a very special poster session being presented by the Native American language teams who have been participating in an intensive four-week seminar on grant proposal writing for documenting endangered languages funded by the National Science Foundation. The seminar is a part of the American Indian Language Development Institute (AILDI) and its sponsors. The project posters all represent four weeks of coursework and research on grant writing and documenting endangered languages. We hope that you will be able to stop by and talk with the poster presenters. We look forward to seeing you at this occasion.
