# *Call for Papers*

## for *Baltic Linguistics* vol. 4, 2013

Baltic Linguistics is heading to become the leading journal for theoretically and typologically informed research into the Baltic languages. It is a peer-reviewed journal publishing only contributions in international languages (preferably English, but also German, French and Russian) meeting requirements of quality, theoretical interest and width of scope.

We now invite contributions for vol. 4 (2012). The deadline for articles is March 31, 2013.

Manuscripts conforming to the guidelines laid down in the Instructions for Authors (<http://www.kjoib.uw.edu.pl/instructions.pdf>) should be sent to the manager editor Axel Holvoet ([axel.holvoet@uw.ed.pl](mailto:axel.holvoet@uw.ed.pl)). Proposals for book reviews should be sent to the review editor Peter M. Arkadiev ([alpgurev@gmail.com](mailto:alpgurev@gmail.com)). The deadline for reviews is June 30.

Looking forward to receiving your contributions,

*The Editors*
