

Dear Colleagues,

This is to let you know that the workshop proposal *Dissecting morphological theory: Diminutivization in root-, stem- and word-based morphology*, posted on this mailing list earlier, was accepted by the organizers of the 46th Austrian Linguistics Conference (ÖLT). However, due to COVID-19, the 2020 ÖLT was canceled. Next ÖLT will be held in Vienna in the winter of 2021, the exact dates tba in the spring.

We received 36 registrations of talks by 48 authors from 19 countries and would like to thank everybody who registered an abstract. Statistics of the registered abstracts [HERE](#).

We are working on alternative options for the workshop and the submission deadline for full abstracts remains unchanged: **15 September 2020**. Abstract submission link: <https://easychair.org/conferences/?conf=dmttd2020>.

If you missed the abstract registration but would like to present at the workshop, please contact the workshop organizers before submitting, e-mail: stela.manova@univie.ac.at.

Submission of a full abstract

Select 'Add file' from the links in the upper right corner of your abstract registration page and upload your abstract. Abstract format: anonymous PDF, max. 500 words (examples and references do not count), single spaced, justified alignment.

Additional information will be circulated soon. As usual, all updates will be published on the workshop website: <https://sites.google.com/view/morphologytheories-diminutives>.

Best wishes & stay safe,

Stela Manova, workshop chair
