Journée d'étude

Verbal markers of motion and/or direction in the Amazonian languages of the Guaporé-Mamoré region (and beyond)

Mercredi 10 mars 2010

Salle André Bollier,
Institut des Sciences de l'Homme
14 avenue Berthelot - 69 007 Lyon

- 8h45-9h Accueil - café
- 9h-10h** **Antoine Guillaume** (DDL, CNRS & Lyon 2)
Verbal markers of motion and/or direction in Lowland Bolivian languages : an areal perspective
- 10h-11h** **M. Vuillermet** (DDL, CNRS & Lyon 2)
Associated motion in Ese Ejja (Tacanan, Bolivia): paradigms and distribution
- 11h-12h** **F. Rose** (DDL, CNRS & Lyon 2)
Associated motion in Mojeño Trinitario (Arawak, Bolivia)
- 12h-14h Pause Déjeuner
- 14h-15h** **M. Crevels** (Radboud University, Nimegen)
In which direction is Itonama moving (isolate, Bolivia)?
- 15h-16h** **H. van der Voort** (Radboud University, Nimegen)
Characteristics of direction and motion expressions in Kwazá (isolate, Rondonia, Brasil)
- 16h-16h30** **P. Sans** (DDL, CNRS & Lyon 2)
Describing motion and direction in Bésiro (Chiquitano; isolate, Bolivia): Analysis of some preliminary data
- 16h30-17h** **N. Cáceres** (DDL, CNRS & Lyon 2)
The motion marker ta-tan in Cariban languages: one for all?
- 17h-18h General discussion
