

The **50 words project** aims to provide fifty words in every Indigenous language of Australia.

50 WORDS PROJECT

🔍 <http://50words.online/>

The words are provided online with community permission, and with audio provided by a language speaker. The languages and words are displayed on a map of Australia so that users can easily find the information relevant to their local area. We hope that this will be a useful resource for schools and educational organisations to learn 50 words in their local language, and for the general public to discover and appreciate the diversity of First Nations' languages around Australia.

Would you like your language included?

If you're interested, please contact us at RUIL-contact@unimelb.edu.au. Full instructions will be provided.

Thank you to First Languages Australia for allowing us to use their Gambay map as our base map for this project.
