## 2nd Call for Abstracts

### *Abstracts*

We are accepting abstracts for the SEALS27 meeting up until midnight on January 31st.

Formal acceptances will be sent out by Feb. 28; if you need an early notification please let us know.

A template for your abstract can be obtained from the website at: [jakarta.shh.mpg.de/seals27](http://jakarta.shh.mpg.de/seals27).

The website is being updated progressively, please check from time to time for more information.

Format for presentations is 30 minutes - plan for 20 minutes talk plus question time and setup/changeover.

### *Location/travel*

Participants need to make their own way to Padang - see the travel advice on the site. Everything is being run at the *Kyriad Hotel Bumiminang*: a block booking for rooms for SEALS has been made so you don't need to book any accommodation, just turn up at the hotel (you will be allocated a room, and asked to pay your own bill on departure, expected tariff approx. US\$60 per night, depending on exchange rates; alternately there are plenty of cheaper options close by, and reservations are generally unnecessary).

Visa on arrival is available at Padang airport if you don't qualify for visa waiver: 3-day visa US\$10 and 30-day visa US\$25. Please check your eligibility with your nearest Indonesia embassy first. Also it helps if you have clean unmarked US small denomination bills on hand to pay for your visa on entry.

### *Registration*

Registration fees are set at US\$125 (and US\$75 for students). This covers welcome pack, lunches, breaks, and special conference dinner (one night). You can pay registration in cash on arrival (clean US bills or Euros), or in advance online by PayPal (details will be provided with your abstract acceptance).

### *Publication*

Participants are encouraged to submit their full papers for publication in the Society's journal [JSEALS](http://jseals.org), published by University of Hawaii Press.
