Hi All,

Just to let you know that I have been working on the SignWriter Studio. It is coming along well.

Today as I was going to update my website, I realized that it is offline it will take some work to get it back up again. So I am posting the progress table in this email and also the help file for the SignWriter Studio.

The beta version is coming soon.

Wish you all the best with your transcription jobs.

Progress of The SignWriter Studio

Updated October 1st 2009. The following is all that has been programmed so far. There are some know bugs in several parts and are not mentioned below but are listed in the help files.
